AFFIDAVIT OF LUCY WATSON
(Sworn May 17, 2014)

I, Lucy Watson, of the City of Ottawa, in the province of Ontario, MAKE OATH AND SAY:

1. I am the Director of Organizing with the Canadian Federation of Students ("CFS"), one of the Respondents in this proceeding. As such, I have knowledge of the matters contained in this affidavit. Where my knowledge is based upon information obtained from another source, I have identified the source and verily believe the information to be true.
2. In making this affidavit, I have reviewed the affidavit of Ashleigh Ingle, affirmed May 5, 2014, and the affidavit of Bradley Evoy, also affirmed on May 5, 2014.

The Parties

3. The CFS is a federal non-share capital not for profit corporation. It is a national student association comprised of local student associations. The CFS has a

membership of approximately 600,000 individual university and college members.

4. The Canadian Federation of Students-Ontario ("CFS-O") is a non for profit chartered provincial component of the CFS. The CFS-O is a separate legal entity from the CFS comprised of local student associations in Ontario. The CFS-O operates independently from the CFS.
5. The University of Toronto Graduate Students' Union ("UTGSU") is a local student association and a voting member of the CFS.
6. Pursuant to the CFS Bylaws, as a voting member of the CFS, the UTGSU has an obligation to uphold CFS' policies.

CFS Mandate and Structure

7. The CFS is an alliance of students' unions and individual students that work together under the umbrella of the CFS in an effort to create positive change within Canada's post-secondary education system.
8. Bylaw 1, Section I of the CFS Bylaws explains that there are two types of members of the CFS, individual members and voting members:

Students, or individual members, are represented through the local student association to which they belong. Local student associations representing individual members are called voting members.

The CFS Constitution and Bylaws, as amended at the May 2013 National General Meeting, is attached as **Exhibit "A"**.

9. The CFS' statement of purpose, mandate, structure, policies and procedures are outlined and prescribed by the CFS Constitution and Bylaws. These Bylaws ensure the transparency of the CFS and ensure that all decisions affecting the CFS and its members are reached in a democratic and principled manner.
10. The Bylaws themselves are proposed by voting member local unions at the CFS' national congresses and each Bylaw is ratified by a vote of all voting members in attendance. At paragraph 52 of Mr. Evoy's affidavit he suggests that the CFS has "imposed" requirements relating to the decertification process. Given how Bylaws are passed by the CFS (motion and vote), this statement is misleading. The Bylaws are adopted by the voting member local unions, including the UTGSU, and as such reflect the voting members' wishes.
11. The CFS holds twice yearly national Congresses to provide an opportunity for its member local unions to discuss, debate, develop and determine the Bylaws, policies, campaigns, internal structures, appoint representatives and manage the finances of the CFS.
12. With respect to paragraph 5 of Ms. Ingle's affidavit, she states that during the 2012-2013 academic year she came to the view that there were problems with CFS' and CFS-O's processes and lists four (4) examples. These examples do not reflect any problem with the CFS' processes but instead suggest dissatisfaction on Ms. Ingle's part that her views were not more broadly shared.

CFS Membership

13. The CFS Bylaw I sets out the CFS membership requirements.
14. In order to become a member of the CFS, individual members must participate in the “certification process”. This process includes a vote to certify, the appointment of a Chief Returning Officer (“CRO”) to oversee the referendum regarding certification, a referendum and an appeals process.
15. Similarly, to withdraw membership, individual members must participate in the “decertification process”, which includes many of the same steps as the certification process.

Decertification Process

16. Sections 6 and 7 of the CFS Bylaw I sets out the decertification process. The following steps are part of the process:
 - (a) Petition – a petition calling for a vote on decertification signed by no less than 20% of the individual members of the member local association delivered to the National Executive of the CFS;
 - (b) Schedule the Referendum – within 90 days of receipt of the petition, the National Executive will review the petition to determine if it is in order. When the petition is determined to be in order, the National Executive in consultation with the member local will schedule a vote;

- (c) Appointment of a CRO – a CRO will be recommended by the National Executive and ratified at a general meeting of the CFS. The CRO will oversee the Referendum in accordance with the Bylaw;
- (d) Notice to Vote – will be provided to individual members of the member local association no less than 2 weeks prior to the first day of voting;
- (e) Campaigning – to be conducted in accordance with the Bylaw;
- (f) Voting – to be conducted in accordance with the Bylaw;
- (g) Appeals Committee – appointed to adjudicate on any appeals of the referendum results or rulings by the CRO;
- (h) Advanced remittance of outstanding fees – member local association must remit all outstanding membership fees not less than 6 weeks prior to the first day of voting;
- (i) Notification of Intention to Decertify – following a vote in accordance with the Bylaw to which it is determined that the relevant membership shall not continue, the applicable member local association may provide a letter in writing notifying the CFS of its intention to decertify from the CFS;
- (j) Recommendation re Decertification – once the National Executive receives a letter from a member association indicating its intention to decertify, the National Executive will make a recommendation to the voting members of the CFS regarding decertification; and

- (k) Ratification of vote to decertify – at the opening of the next annual general meeting, the ratification of the vote to decertify will be put to a vote.
17. The decertification process is not, as Ms. Ingle suggests at paragraph 9 of her affidavit, a process “*against* the CFS”. Instead, it is a process *of* the CFS. The process as set out in Bylaw I, Sections 6 and 7, outlines the various steps that the member association and the CFS must take, individually and together, in order to make a determination regarding decertification. This process protects the interests of the individual members of the CFS, in that the process is designed to ensure that a material cohort of individual members wish to schedule a referendum on decertification. This mechanism ensures that individual members are not disenfranchised on a whim of a voting member.

Decertification Steps taken by UTGSU

Step 1 - Petition

18. As set out in paragraph 16 (a), above, decertification is initiated with a petition delivered to the National Executive signed by at least 20% of the individual members of the member local associations calling for a vote on decertification.
19. I confirm that on October 7, 2013, the National Executive received a petition from Ms. Ingle calling for a vote of the individual CFS members of the UTGSU on the question of continuing their membership to the CFS.
20. I further confirm that October 7, 2013 was the first notification that the CFS obtained of UTGSU’s petition. At paragraph 23 of Ms. Ingle’s affidavit, she

indicates that she submitted the petition to the CFS-O on September 19, 2013; as the CFS and CFS-O are separate and distinct legal entities, I have no personal knowledge of when the CFS-O received the petition.

21. At paragraph 19 of Mr. Evoy's affidavit, he states that Ms. Ingle informed the UTGSU's Executive Committee on September 17, 2013 that her team obtained over 3000 signatures from current graduate students representing the required threshold of 20% for the petition to be valid. The email cited by Mr. Evoy being Ms. Ingle's notification to the Executive Committee is appended as Exhibit "E" to Mr. Evoy's affidavit. The email is actually dated September 18, 2013 and makes no mention of having obtained over 3000 signatures from current graduate students.
22. Pursuant to the Bylaws, the sole authority to verify whether the 20% threshold has been met rests with the National Executive of the CFS. As at September 17, 2013, the National Executive of the CFS had not received the petition and had not verified that the 20% threshold had been met.
23. On September 19, 2013, Veronica Carr, on behalf of the Executive Committee of the UTGSU, distributed a letter to the members of the UTGSU. In this letter, Ms. Carr acknowledged the role of the CFS in the decertification process and stated that the UTGSU had been advised by the organizers of the petition that the petition had surpassed the necessary threshold and that would allow for a referendum in March, "pending further review from the Federation". Attached as **Exhibit "B"** is a copy of Ms. Carr's letter dated September 19, 2013.

24. CFS's petition verification process is set out at CFS Bylaw I, Section 6.b. However, Mr. Evoy, at paragraph 23 of his affidavit, fails to accurately describe the verification process. It appears that he has confused the process that exists pursuant to the CFS Bylaws and the process that exists pursuant to the CFS-O Bylaws.
25. In accordance with the CFS Bylaws, once a petition is received, the National Executive is mandated to commence its review of the petition within 90 days to ascertain whether the petition is in order; meaning, the National Executive takes steps to verify whether the petition complies with the requirements of Bylaw I, Section 6.a. Once the National Executive has confirmed the petition is in order, it will endeavour to schedule the referendum within 60-90 days.
26. In relation to the verification of the UTGSU petition, the National Executive commenced its review of the UTGSU petition at the National Executive meeting held on October 25-27, 2013. This was the first National Executive meeting following receipt of the petition.
27. On November 11, 2013, the CFS acknowledged receipt of the petition to the UTGSU, by way of letter from its legal counsel. Attached as **Exhibit "C"** is Mr. Todd J. Burke's letter dated November 11, 2013.
28. In order for the National Executive of the CFS to verify the petition's compliance with the Bylaws, it had to compare the list of individual members of the UTGSU to those who had signed the petition. Without the list of members, the CFS would have no way of completing the verification process.

29. In the past, the CFS has obtained this type of list from the member local association's university administration or, in some cases, the member local association.
30. The CFS has never delegated its responsibility to verify a petition to a university. Paragraph 29 of Mr. Evoy's affidavit refers to an email chain between Mr. Evoy and Mike LeSage, Coordinator of Student Policy Initiatives in the University's Office of the Vice Provost, Students ("OVPS"). Mr. Evoy explains that Mr. LeSage's email states that the University of Toronto (the "**University**") had previously been authorized to verify signatures on petitions seeking a vote on the question of certification from CFS and CFS-O. This is false. The CFS has never authorized the University to verify signatures on a petition seeking a vote on the question of certification from the CFS. More particularly, the CFS has never authorized any university to verify a petition on the CFS' behalf. Further, based upon the email found at Exhibit "H" of Mr. Evoy's affidavit, Mr. LeSage did not state that the University or the OVPS ever did this on behalf of the CFS. Instead, Mr. LeSage stated that Mr. Evoy/the UTGSU had previously allowed the OVPS to verify signatures on the UTGSU's behalf.
31. As such, on December 3, 2013, Vanessa Hunt, National Deputy Chairperson for the CFS, contacted Mr. Evoy and requested a copy of the list of members. Attached as **Exhibit "D"** is a copy of Ms. Hunt's letter dated December 3, 2013.
32. Mr. Evoy has indicated that the OVPS suggested that it could complete the verification process on the CFS' behalf and that, in Mr. Evoy's opinion, this was a

very good suggestion. Contrary to Mr. Evoy's assertions at paragraphs 31 of his affidavit, the University is not a party to the decertification process and therefore it is not "the only party in a position to conduct the verification process in an efficient manner".

33. Further, with respect to paragraph 32 of Mr. Evoy's affidavit, the University is not "neutral third party". Mr. Evoy incorrectly stated that "the University has never taken a position with respect to membership in CFS, CFS-O, or any other third party voluntary student organization." In fact, following the certification votes to join the CFS in relation to the Association of Part-Time Undergraduate Students of the University of Toronto ("APUS"), the University of Toronto Student Union ("UTSU" - then "SAC") and Scarborough Campus Student Union ("SCSU") in 2002, the University took the initial position that the votes were not valid and that it would not be collecting fees. It was only after Court proceedings were initiated by the APUS that the University agreed to collect and remit the fees to the CFS. The University's actions on this issue resulted in one year of membership fees not being collected from individual members of these students' unions. As a result, the University cannot be considered a neutral third party.
34. I have been advised by Ashkon Hashemi, Internal Coordinator, CFS-O, that Mr. Evoy and the OVPS first proposed the use of a third party firm to the CFS-O in or around November 14, 2013. The first time the notion of a third party firm assisting in the verification of the CFS' petition was put to the CFS was on January 15, 2014.

35. At paragraph 41 of Mr. Evoy's affidavit he states that by the time he proposed that an external auditing firm be used to the CFS-O (November 14, 2013), nearly two months had passed since the CFS had received the petition. This is false. The CFS received the petition on October 7, 2013 and acknowledged receipt of the petition on November 11, 2013. As such, one month and seven days had passed from the time that the CFS received the petition to when Mr. Evoy proposed an external auditing firm to the CFS-O. This proposal was not put to the CFS until January 15, 2014.
36. The CFS National Annual General Meeting ("AGM") took place from November 21 to 24, 2013. I am aware that Mr. Evoy was in attendance as a representative of the UTGSU. As mentioned above, CFS confirmed receipt of the petition to the UTGSU on November 11, 2013. Mr. Evoy, at paragraph 42 of his affidavit, states that the CFS "formally acknowledged the Petition" during the AGM. To be more accurate, I have been advised by Mr. Hashemi who was present during the AGM's plenary session, that the CFS reported receipt of the petition from an individual member of the UTGSU during the AGM's plenary session.
37. In response to the CFS' request for the membership list made on December 3, 2013, Mr. Evoy sent an email to the CFS on December 6, 2013, outlining the unsuccessful steps taken by UTGSU to procure a membership list. He did propose the use of an external auditing firm at this time. A copy of this e-mail is attached as **Exhibit "E"**.

38. On December 12, 2013, Mr. Evoy and representatives of the OVPS invited representatives from the CFS and the CFS-O to discuss verification of the petition. In Mr. Evoy's email, dated December 12, 2012, he notified the CFS for the first time that a one-way searchable list, as requested by the CFS, did not exist with the functionality the CFS was requesting. A copy of this e-mail is attached as **Exhibit "F"**.
39. On December 17, 2013, the CFS sent an e-mail to Mr. Evoy proposing dates for a meeting. A copy of this e-mail is attached as **Exhibit "G"**.
40. I am advised by Ms. Hunt that on December 20, 2013, the CFS-O, the UTGSU and the University met regarding the verification process. Due to pre-planned Christmas vacations, Ms. Hunt had advised the UTGSU that no one from the CFS was available to participate and proposed alternate dates for a meeting in early January.
41. Based upon Exhibit "Q" of Mr. Evoy's affidavit and my conversation with Mr. Hashemi of the CFS-O regarding the December 20, 2013 meeting, I understand that an agreement was reached between the CFS-O, the UTGSU and the University to proceed with an external auditing firm to verify the results. It is my understanding that all parties in attendance, including the UTGSU, were in agreement with proceeding with a third party firm to conduct the verification of the CFS-O petition.
42. I am advised by Ms. Hunt that by January 6, 2014 she had not received a response to her request for a meeting date. As such, she sent a follow up e-mail

to Mr. Evoy regarding proposed dates for this meeting. A copy of this e-mail is attached as **Exhibit "H"**.

43. On January 7, 2014, Mr. Evoy responded to Ms. Hunt's e-mails and proposed a date and time for the meeting. A copy of this e-mail is attached **Exhibit "I"**.
44. On January 8, 2014, Ms. Hunt confirmed that representatives from the CFS would be in attendance for this meeting. A copy of this e-mail is attached as **Exhibit "J"**.
45. I am advised by Ms. Hunt that on January 15, 2014, Ms. Hunt and Brent Farrington, on behalf of the CFS, attended a meeting with Mr. Evoy, on behalf of the UTGSU, and Mr. LeSage, Rafael Eskaenazi and Meredith Strong from the OVPS for the purpose of developing an approach that would allow the CFS to complete its review of the petition.
46. During the meeting, the representatives from the OVPS expressed concerns regarding the University's ability to comply with privacy legislation should representatives from the CFS be granted permission to review the personal information of students contained in the University's records for the purpose of verifying the petition. Ms. Hunt of the CFS expressed concern about the CFS' ability to comply with its responsibilities pursuant to its Bylaws if no list was produced. UTGSU raised no concerns or objections with any aspect of the review of the petition, including any concerns with respect to the timing of the review.

47. At this meeting, the parties in attendance, including the UTGSU, considered the option of contracting the work to a third party, such as reputable accounting firm like KPMG, Deloitte or PWC. Contrary to Mr. Evoy's statement at paragraph 68 of his affidavit, the CFS did not confirm the use of a third party firm nor state that there had been a coordination of efforts with the CFS-O regarding the retainer of a third party firm during this meeting.
48. Following the meeting, on February 6, 2014, Ms. Hunt advised the OVPS and the UTGSU that the CFS approved the proposal to retain a third party firm to conduct the verification. Attached as **Exhibit "K"** is a copy of Ms. Hunt's e-mail dated February 6, 2014.
49. As part of this agreement, the OVPS committed to providing the accounting firm with the current membership lists. Further discussions ensued regarding financing the costs associated with such a third party review. The OVPS ultimately offered to assume the costs of the third party review.
50. Mr. Evoy, at paragraph 69, complained that the UTGSU had no input in the third party verification process of the petition. As set out in the Bylaws, the verification of the petition is the sole responsibility of the CFS. In order to meet the requirements of the OVPS, the CFS agreed to the OVPS' and the UTGSU's proposal that a third party verifier be appointed. The UTGSU was not granted any special standing in the process as the Bylaw does not contemplate a voting member taking any role in the referendum process except that of providing the Oversight Committee with a list of all of the individual members of the CFS

eligible to vote no later than seven (7) days in advance of the vote. At no time during the course of the verification process did the UTGSU object to their lack of involvement in the verification process nor did they raise any concerns with timing of the process.

51. At paragraph 49 of Mr. Evoy's affidavit, he states that he understood the negotiations and decision-making to apply equally to both the CFS and CFS-O at all times. However, on December 20, 2013, Ms. Hunt on behalf of the CFS, sent an email to Mr. Evoy, where she stated:

As you are aware, the Canadian Federation of Student and the Canadian Federation of Students – Ontario are separate organizations with Bylaws governing the relationship between the member local unions that comprise those organizations. The processes to both request a vote on the question of decertification and to determine the will of the individual members of the Canadian Federation of Student and the Canadian Federation of Students – Ontario are set out in the Bylaws of the respective organizations.

In recent correspondence from the University of Toronto Graduate Students' Union, the question of how best to proceed with the verification of the names on the petitions to the National Executive of the Canadian Federation of Students and the Executive Committee of the Canadian Federation of Students – Ontario have been co-mingled and there has been no apparent recognition of the unique nature of each organization and their respective Bylaws. I ask that you please keep this in mind as the process unfolds.

Attached as **Exhibit "L"** is a copy of Ms. Hunt's email dated December 20, 2013.

52. In response to Ms. Hunt's email, Mr. Evoy confirmed his understanding of the distinct nature of these two organizations: "...we acknowledge the differences between CFS National and CFS Ontario as separate incorporated entities and

we apologize if you have been in some way confused by our attempt to keep you informed of information relevant to our discussions." (**Exhibit "L"**)

53. On January 20, 2014, Ms. Hunt, on behalf of the CFS, and Jeremy Salter and Mr. Hashemi, on behalf of the CFS-O, interviewed potential third party verifiers.
54. On January 31, 2014, Deloitte provided us with a preliminary proposal that we reviewed and ultimately agreed to. Attached as **Exhibit "M"** is a copy of the proposal.
55. On February 4, 2014, Mr. Hashemi sent an email to Ms. Strong, copied Mr. Evoy and Ms. Hunt, indicating that the third-party selection was almost finalized and requesting confirmation of who, at the University, the third party firm should contact in order to get a copy of the membership list. Attached as **Exhibit "N"** is a copy of Mr. Hashemi's email dated February 4, 2014.
56. On February 7, 2014, Ms. Hunt advised the OVPS and UTGSU that Deloitte had been selected to undertake the review. UTGSU raised no objections relating to the review of the petition by Deloitte, including no concerns as to the timing of this review. Attached as **Exhibit "O"** is a copy of Ms. Hunt's email.
57. On February 19, 2014, upon receiving the University's confirmation of approval of the agreement, Mr. Hashemi forwarded Mr. LeSage's contact information to Deloitte for Deloitte to follow up regarding a membership list. Attached as **Exhibit "P"** is a copy of Mr. Hashemi's email.

58. On February 20, 2014, Deloitte sent an e-mail to Mr. LeSage requesting the membership list. Attached as **Exhibit “Q”** is a copy of Deloitte’s e-mail dated February 20, 2014.
59. On February 25, 2014, Deloitte sent another request to Mr. LeSage requesting the membership list. Attached as **Exhibit “R”** is a copy of Deloitte’s e-mail dated February 25, 2014.
60. On February 26, 2014, Deloitte sent an e-mail to the CFS confirming receipt of the membership list from the University. Attached as **Exhibit “S”** is a copy of Deloitte’s e-mail dated February 26, 2014.

Tentative schedule for a Referendum

61. In accordance with Bylaw I, Section 6, the CFS attempted to keep the referendum process moving forward for the benefit of the individual CFS members of the UTGSU. Although the referendum could not take place until the petition was confirmed compliant with the Bylaw, the UTGSU proposed the week of March 24, 2014 for the referendum. As set out in Mr. Burke’s letter dated November 11, 2013 (**Exhibit “C”**), the CFS was not bound by that date, but worked towards doing so, taking into consideration the requirement that it review the petition tendered by the individual CFS members of the UTGSU.
62. Contrary to Mr. Evoy’s statement at paragraph 26 of his affidavit, the UTGSU did not have a duty to hold a referendum on the question of decertification. In fact,

as a voting member, the UTGSU had no role in the decertification process. The management of the process was the sole responsibility of the CFS.

63. At all times, the CFS attempted to advance the process towards a referendum with the caveat being that the petition submitted by the individual CFS member of the UTGSU had to satisfy the requirements of the Bylaw.

Appoint a CRO

64. In accordance with the Bylaw, and in an effort to keep the referendum process moving forward, the National Executive recommended to the voting members at the CFS's general meeting of November, 2013 that Katherine Giroux-Bougard act as the CRO.
65. The National Executive's recommendation was ratified by way of a vote by the member local associations on November 21, 2013. Representatives for UTGSU were present and participated in this vote. At that time, the UTGSU had every opportunity to, yet chose not to, make arguments against the appointment of Ms. Giroux-Bougard.
66. On November 28, 2013, the UTGSU requested that Ms. Giroux-Bougard's appointment be withdrawn on the basis of bias and that a different CRO be appointed at a Special General Meeting in January 2014. The UTGSU had not raised any concerns regarding Ms. Giroux-Bougard's appointment at the meeting of November 21, 2013. I have seen no evidence of Ms. Giroux-Bougard's bias, as alleged by the UTGSU. Additionally, the National Executive of the CFS did

not have authority to do as the UTGSU asked. Mr. Giroux-Bougard's background was known to the member local unions, who voted to ratify her at the general meeting and, as such, the National Executive would have no grounds to overturn the decision of the voting members. Essentially, the UTGSU was asking the CFS to overturn the democratic decision of the voting unions. The National Executive of the CFS could not comply with this request. Attached as **Exhibit "T"** is a copy of the letter from UTGSU to the CFS.

67. Ms. Giroux-Bougard notified the CFS in December, 2013 that, for personal reasons, she was unable to assume the role of CRO.
68. The National Executive subsequently appointed Mr. Stephen Littley, a practicing lawyer in British Columbia, to serve as the CRO. This decision was communicated to the voting members of the CFS on January 20, 2014, via email. Mr. Evoy, at paragraph 59 of his affidavit, denies receipt of this email until February 7, 2014. I have verified with Ms. Hunt and confirm that the announcement regarding Mr. Littley was in fact sent on January 20, 2014 to all member local unions. Attached as **Exhibit "U"** is a copy of Ms. Hunt's email dated January 20, 2014.
69. As Mr. Evoy states at paragraph 60 of his affidavit, Mr. Littley was involved with the CFS prior to his appointment as CRO. However, what Mr. Evoy neglects to mention is that prior to this appointment, Mr. Littley has not been involved with the CFS for over a decade and had, instead, been practicing law.

70. In Ms. Hunt's email dated January 20, 2014 to all voting members of the CFS (**Exhibit "U"**), Ms. Hunt outlined Mr. Littley's experience, including his experience with the CFS, and recommended that, due to the timing, Mr. Littley be appointed in advance of a ratification at the June 2014 national general meeting. The email did not, as Mr. Evoy suggests at paragraph 61 of his affidavit, direct member local unions to communicate their acceptance over email, nor did it suggest that the CRO be appointed without ratification.
71. It is anticipated that the appointment of Mr. Littley will be ratified by the voting members at the upcoming CFS general meeting in June 2014.
72. Mr. Evoy, at paragraph 65 of his affidavit, raises concerns regarding potential bias of Mr. Littley. He apparently basis these concerns on Mr. Littley's decision to hire Nila Zameni to be his Deputy Returning Officer in the referendum. Based upon Exhibit "W" to Mr. Evoy's affidavit, I understand that Ms. Zameni is currently employed by the York Federation of Students, a member local of the CFS and the CFS-O. My understanding is that Mr. Littley circulated a job posting and selected the most qualified candidate that applied. I do not see any basis for bias to be concluded from Ms. Zameni's appointment.
73. At paragraph 64 of Mr. Evoy's affidavit, Mr. Evoy states that the CRO appointment "had already caused considerable delay in the verification process". This statement is unsubstantiated and false. In fact, the CFS was being proactive in appointing a CRO without first knowing whether there would be a vote as the petition had not been found to be in order at the time.

Deloitte's Review of the Petition

74. Despite the progress that was made regarding the scheduling of the referendum and efforts to appoint the CRO, a vote on decertification could only proceed in accordance with the Bylaw once Deloitte confirmed the number of eligible names on the petition and the CFS National Executive found the petition to be in order.
75. On February 19, 2014, the CFS sent a copy of the petition and its Bylaws to Deloitte. A copy of this e-mail and the petitions are attached as **Exhibit "V"**.
76. On February 26, 2014, after various edits and revisions to the engagement letter, the CFS provided Deloitte with a signed engagement letter. A copy of this correspondence is attached as **Exhibit "W"**.
77. As set out in the engagement letter, Deloitte's review included:
 - (a) Verification / cross-referencing of the names on the petition with the University of Toronto's student records (student names, numbers and signatures);
 - (b) Review of the names on the petition for duplication of student records (student names and numbers);
 - (c) Validation that greater than 20% of the individual members of UTGSU signed the petition; and
 - (d) Reporting on the specific procedures performed and related results.

78. On the evening of March 9, the CRO sent an email to Mr. Evoy, Ms. Hunt and Mr. Hashemi outlining Deloitte's findings. Mr. Evoy references this email in paragraph 89 of his affidavit, and makes much of the fact that the final report had not yet been released. In paragraph 91, Mr. Evoy accuses the CRO of operating in bad faith. What Mr. Evoy fails to include when mentioning the CRO's correspondence is the following portion of the CRO's email:

If the full report from Deloitte (*sic*) differs in some material respect from the information already provided by Deloitte representatives, and as per the bylaws a referendum may continue, I remain prepared to continue with the process. In that case the referendum timeline would necessarily need to be reset.

I remain available for that rescheduling, and can continue (*sic*) very little delay.

Attached as **Exhibit "X"** is Mr. Littley's e-mail dated March 9, 2014

On March 11, 2014, the CFS received Deloitte's report entitled "Canadian Federation of Students (National) – Petition Validation Procedures". The Report found that 17.6% - 18.3% of the individual members of the UTGSU had signed the petition in compliance with the Bylaw. A copy of Deloitte's report entitled "Canadian Federation of Students (National) – Petition Validation Procedures is attached as **Exhibit "Y"**.

79. According to Deloitte's independent review, the petition submitted by the individual CFS members of the UTGSU did not meet the first requirement of the decertification process set out in the Bylaw, being that it be signed by no less than 20% of the individual members of the member local association. As such,

the CFS could not proceed with holding a referendum or moving any further forward with the decertification process.

80. Accordingly, formal notice of Deloitte's findings was provided to Ms. Ingle and Mr. Littleley on or about March 11, 2014. Copies of these letters are attached as **Exhibits "Z" and "AA"** respectively.
81. At paragraphs 99-100 of Mr. Evoy's affidavit, he raises questions with Deloitte's report. These questions are disingenuous as they have already been asked by the CFS/CFS-O to Deloitte, answered by Deloitte and the answers communicated to Mr. Evoy:
 - (a) At paragraph 99, Ms. Evoy asked if Deloitte, performed a "manual review of the signatures" as part of their "data analytics technique". Deloitte's answer was that it manually triple checked the data. I have been advised by Mr. Hashemi that he communicated this answer to Mr. Evoy in and around March 11, 2014.
 - (b) At paragraph 100, Mr. Evoy opines as to whether a "proper full" name would exclude someone like himself whose full name is "Bradley" but who goes by "Brad." Deloitte's answer was that they accepted variations in the full name so long as the student number matched. I have been advised by Mr. Hashemi that he communicated this answer to Mr. Evoy in and around March 11, 2014.

82. At no time was Deloitte asked to carry out an audit nor was an audit required pursuant to the CFS Bylaws.
83. At paragraph 101, Mr. Evoy complains that the Deloitte report failed to attach copies of the UTGSU membership list. As Mr. Evoy knows, the precise reason that Deloitte was retained in order to provide an independent third party analysis of the membership list was because the University refused to release the membership list for review. Had Deloitte simply appended the list to their report, that would have defeated the entire purpose of retaining a third party to complete the verification.

Summary

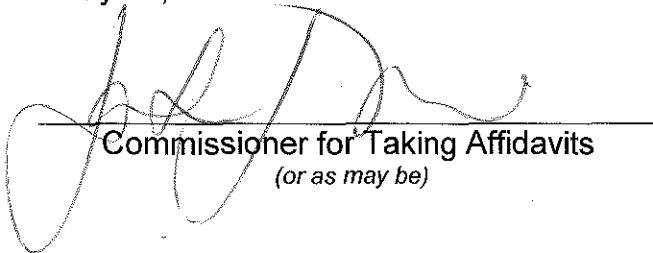

84. The decertification process commenced by the individual CFS members of the UTGSU did not proceed to a vote because the petition delivered to the CFS by the Ms. Ingle on October 7, 2013 did not include signatures of at least 20% of the individual members, as required by the Bylaws.
85. The verification of the petition as to the 20% threshold was made by an independent third party, Deloitte. The use of an independent third party auditor was encouraged and approved by the UTGSU.
86. Contrary to Mr. Evoy's assertions at paragraph 66 and 109 of his affidavit, neither Ms. Hunt nor any other member of the CFS campaigned against decertification at UTGSU.

87. In fact, at all times throughout the process, the CFS moved forward with UTGSU's decertification process on the assumption that the petition would be confirmed as valid. It was only after Deloitte notified the CFS that the petition was not completed in accordance with the Bylaws that the CFS stopped moving forward with the process. This is confirmed by Mr. Evoy at paragraph 86 of his affidavit where he states "(t)hroughout this period, given the participation of CFS, CFS-O, and the CRO in helping to coordinate logistics and other details, I was always under the impression that the campaign period would begin on March 10, 2014 and the referendum would begin on March 24, 2014, as scheduled."
88. The agreement between the University, the UTGSU and the CFS to use a third party in order to complete the verification process of the petition to ensure that it met the threshold required by the Bylaw in order to trigger a referendum was made on January 15, 2014. This agreement was reached with the full support of the UTGSU and with no objections raised by the UTGSU regarding timing. At that time, the UTGSU knew that the CFS had received the petition on October 7, 2013 and knew that 90 days from October 7, 2013 was January 5, 2014. Had the UTGSU been of the view that the petition was automatically approved as of January 5, 2014, I see no reason that it would have agreed to proceed with the third party verification nor why it would agree to fund a portion of the cost of the third party retainer. At all times, before and after January 5, 2014, the UTGSU was aware that the referendum was contingent upon the petition being deemed in order, in accordance with the Bylaw. The first time that the UTGSU raised any

concern regarding the third party verification process and/or timing was after Deloitte concluded that the petition failed to meet the 20% threshold.

89. I make this affidavit in response to the UTGSU's application and for no improper purpose.

PREAMBLE

We, the students of Canada, recognizing the need to speak with one voice in asserting our legitimate needs and concerns, wish to express our support for one national student organization whose basic aims will be as follows:

1. to organize students on a democratic, cooperative basis in advancing our own interests, and in advancing the interests of our community;
2. to provide a common framework within which students can communicate, exchange information, and share experience, skills and ideas;
3. to ensure the effective use and distribution of the resources of the student movement, while maintaining a balanced growth and development of student organisations that respond to students needs and desires;
4. to bring students together to discuss and cooperatively achieve necessary educational administrative, or legislative change wherever decision-making affects students;
5. to facilitate cooperation among students in organising services which supplement our academic experience, provide for our human needs, and which develop a sense of community with our peers and other members of society;
6. to articulate the real desire of students to fulfil the duties, and be accorded the rights of citizens in our society and in the international community;
7. to achieve our ultimate goal — a system of post-secondary education which is accessible to all, which is of high quality, which is nationally planned, which recognizes the legitimacy of student representation, and validity of student rights, and whose role in society is clearly recognized and appreciated.

In consideration to these needs, students from throughout Canada met in October, 1981, to found the Canadian Federation of Students/Fédération canadienne des étudiantes et étudiants.

The organisations that founded the Canadian Federation of Students were:

The National Union of Students/Union nationale des étudiant(e)s

The Association of Student Councils (Canada)/Association des conseils étudiants (Canada)

The Federation of Alberta Students

The British Columbia Students Federation

The Students Union of Nova Scotia

The Ontario Federation of Students/Fédération des étudiant(e)s de l'Ontario

The Saskatchewan Federation of Students

PRÉAMBULE

Nous, les étudiantes et étudiants du Canada, reconnaissant la nécessité d'affirmer d'une seule voix nos besoins légitimes et nos intérêts, désirons donner notre appui à une organisation étudiante nationale, dont les objectifs fondamentaux sont les suivants :

1. regrouper les étudiantes et étudiants en un organisme démocratique et coopératif, afin de faire progresser nos intérêts et ceux de notre communauté;
2. établir un cadre commun à l'intérieur duquel les étudiantes et étudiants peuvent communiquer, échanger des renseignements et partager leurs expériences, leurs aptitudes et leurs idées;
3. assurer la distribution et l'utilisation efficace des ressources du mouvement étudiant, tout en garantissant une croissance et un développement équilibrés des organisations étudiantes qui répondent aux besoins et aux désirs des étudiantes et étudiants;
4. réunir les étudiantes et étudiants pour qu'ils et elles discutent des changements pédagogiques, administratifs et juridiques nécessaires et qu'ils et elles les effectuent dans un esprit de collaboration, là où le processus décisionnel touche la population étudiante;
5. faciliter la collaboration des étudiantes et étudiants par l'organisation de services venant parfaire notre expérience scolaire, répondant à nos besoins humains, et qui stimulent le sentiment d'appartenance au groupe étudiant et à la société dans son ensemble;
6. faire connaître le réel désir des étudiantes et étudiants de s'acquitter de leurs responsabilités de citoyennes et citoyens à part entière dans notre société et sur le plan international;
7. atteindre notre principal objectif, c'est-à-dire l'établissement à l'échelle nationale d'un système postsecondaire accessible à tous et toutes, de haute qualité, planifié à l'échelle nationale et qui reconnaît la légitimité de la représentation étudiante et des droits étudiants.

Compte tenu de ces besoins, les étudiantes et étudiants provenant des différentes régions du Canada se sont réunis en octobre 1981 pour fonder la Fédération canadienne des étudiantes et étudiants/The Canadian Federation of Students.

Les organismes fondateurs de la Fédération sont les suivantes :

l'Union nationale des étudiant-e-s/the National Union of Students;
l'Association des conseils étudiants (Canada)/The Association of Student Councils (Canada);
la Federation of Alberta Students
la British Columbia Students' Federation

PREAMBLE

We, the students of Canada, recognizing the need to speak with one voice in asserting our legitimate needs and concerns, wish to express our support for one national student organization whose basic aims will be as follows:

1. to organize students on a democratic, cooperative basis in advancing our own interests, and in advancing the interests of our community;
2. to provide a common framework within which students can communicate, exchange information, and share experience, skills and ideas;
3. to ensure the effective use and distribution of the resources of the student movement, while maintaining a balanced growth and development of student organisations that respond to students needs and desires;
4. to bring students together to discuss and cooperatively achieve necessary educational administrative, or legislative change wherever decision-making affects students;
5. to facilitate cooperation among students in organising services which supplement our academic experience, provide for our human needs, and which develop a sense of community with our peers and other members of society;
6. to articulate the real desire of students to fulfil the duties, and be accorded the rights of citizens in our society and in the international community;
7. to achieve our ultimate goal — a system of post-secondary education which is accessible to all, which is of high quality, which is nationally planned, which recognizes the legitimacy of student representation, and validity of student rights, and whose role in society is clearly recognized and appreciated.

In consideration to these needs, students from throughout Canada met in October, 1981, to found the Canadian Federation of Students/Fédération canadienne des étudiantes et étudiants.

The organisations that founded the Canadian Federation of Students were:

The National Union of Students/Union nationale des étudiant(e)s

The Association of Student Councils (Canada)/Association des conseils étudiants (Canada)

The Federation of Alberta Students

The British Columbia Students Federation

The Students Union of Nova Scotia

The Ontario Federation of Students/Fédération des étudiant(e)s de l'Ontario

The Saskatchewan Federation of Students

PRÉAMBULE

Nous, les étudiantes et étudiants du Canada, reconnaissant la nécessité d'affirmer d'une seule voix nos besoins légitimes et nos intérêts, désirons donner notre appui à une organisation étudiante nationale, dont les objectifs fondamentaux sont les suivants :

1. regrouper les étudiantes et étudiants en un organisme démocratique et coopératif, afin de faire progresser nos intérêts et ceux de notre communauté;
2. établir un cadre commun à l'intérieur duquel les étudiantes et étudiants peuvent communiquer, échanger des renseignements et partager leurs expériences, leurs aptitudes et leurs idées;
3. assurer la distribution et l'utilisation efficace des ressources du mouvement étudiant, tout en garantissant une croissance et un développement équilibrés des organisations étudiantes qui répondent aux besoins et aux désirs des étudiantes et étudiants;
4. réunir les étudiantes et étudiants pour qu'ils et elles discutent des changements pédagogiques, administratifs et juridiques nécessaires et qu'ils et elles les effectuent dans un esprit de collaboration, là où le processus décisionnel touche la population étudiante;
5. faciliter la collaboration des étudiantes et étudiants par l'organisation de services venant parfaire notre expérience scolaire, répondant à nos besoins humains, et qui stimulent le sentiment d'appartenance au groupe étudiant et à la société dans son ensemble;
6. faire connaître le réel désir des étudiantes et étudiants de s'acquitter de leurs responsabilités de citoyennes et citoyens à part entière dans notre société et sur le plan international;
7. atteindre notre principal objectif, c'est-à-dire l'établissement à l'échelle nationale d'un système postsecondaire accessible à tous et toutes, de haute qualité, planifié à l'échelle nationale et qui reconnaît la légitimité de la représentation étudiante et des droits étudiants.

Compte tenu de ces besoins, les étudiantes et étudiants provenant des différentes régions du Canada se sont réunis en octobre 1981 pour fonder la Fédération canadienne des étudiantes et étudiants/The Canadian Federation of Students.

Notice provisions exist in order to allow for all motions to be translated and distributed to member local associations in advance of the meeting so that:
 - member local associations may conduct research, survey their membership, and/or develop positions on motions for consideration prior to the meeting; and
 - member local associations that are unable to send delegates to the meeting may give adequate instruction to their proxy.

A simple resolution can be considered as an "emergency motion" and will be exempt from notice provisions in the event that the motion meets the following criteria:

 - ii. The motion pertains to an imminent and urgent event or issue that requires a resolution prior to the next scheduled general meeting.

RÈGLEMENT III - POLITIQUES ET RESOLUTIONS

 - Les résolutions permanentes; et
 - Les résolutions ordinaires.
- b. Les politiques comprennent :
 - Toutes les déclarations sur les objectifs à long terme spécifiques de la Fédération;
 - Les objectifs et principes fondamentaux de la Fédération; et
 - Les opinions considérées de la Fédération sur toute question à référence limitée ou temporelle.

Les politiques sont adoptées, modifiées ou abrogées par la majorité des deux-tiers d'une assemblée générale, si un préavis respectant les délais a été présenté selon les dispositions du Règlement III.3.
- c. Les résolutions permanentes imposent les règles et les règlements portant sur la conduite de la Fédération, y compris, entre autres, ses comités permanents, ses caucus, ses associations modulaires, ses éléments provinciaux et le comité exécutif national, conformément aux Règlements. Les résolutions permanentes sont considérées comme étant de référence temporelle illimitée à moins que ce ne soit spécifiquement défini dans la motion.

- e. Seule la disposition exécutoire est considérée une politique ou une résolution de la Fédération.

Les dispositions en matière de préavis approprié existent pour que toutes les motions puissent être traduites et distribuées à l'avance aux associations membres locales de sorte que :
 - les associations membres locales puissent faire des recherches, sonder leurs membres ou établir leurs positions sur les motions avant l'assemblée générale; et
 - les associations membres locales qui n'auront pas de déléguées et délégués à l'assemblée générale puissent conseiller convenablement leurs mandataires.

Une résolution simple peut être considérée comme une 'motion d'urgence', donc elle peut ne pas être soumise aux dispositions sur le préavis si la motion répond aux critères suivants :

Dear Members,

As we have previously informed you, the UTGSU Executive has been made aware of a petition to put forward a referendum regarding our continued membership in the Canadian Federation of Students (CFS).

On Tuesday evening, we were informed by the organizers of the petition that they surpassed the twenty (20) percent threshold of signatures required for a referendum. As well, we have been made aware that the timeline of this submission will allow for a referendum the last week of March, pending further review from the Federation.

As before, we continue to feel that this process is opening a healthy debate concerning our membership in the CFS for the first time in thirty-two years. Given the issues the Union has had with the Federation over the last number of years, we continue to understand the actions taken by some members and view their concerns as legitimate. While the UTGSU has not yet taken an official stance on whether or not the Union ought to remain members of the Canadian Federation of Students, nationally or provincially, the results of this petition are taken very seriously.

Now that this milestone has been reached, it is the duty of this Executive to ensure that the will of the membership—to have a fair and open debate and referendum on these matters—is fulfilled. We look forward to continued engagement on the subject and welcome any questions or concerns throughout the process.

In Solidarity,

Veronica Carr, External Commissioner, on behalf of the Executive Committee of the University of Toronto Graduate Students' Union.

Dear Mr. Monkhouse:

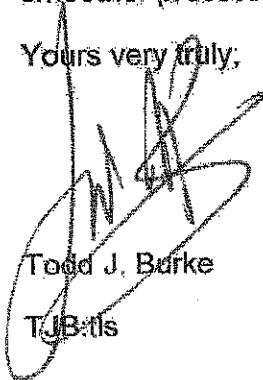

Re: Petition to National Executive to Conduct Decertification Referendum

This is in response to your recent correspondence to my client. My client is in the process of reviewing the petition as tendered by your client. As you are aware, the by-laws afford my client some time to carry out that process. If the petition can be verified before the National General Meeting to be held in November, then a CRO will be appointed. You can rest assured that the CFS, in appointing such an individual, seeks to ensure that the referendum process will be carried out in a fair and unbiased fashion.

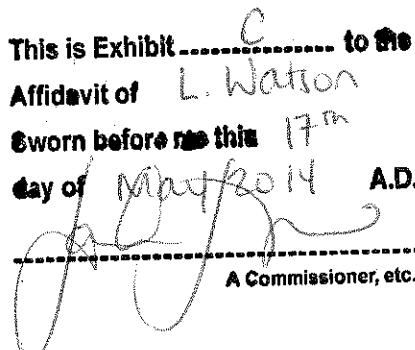

Your client has suggested a referendum be held during the week of March 24, 2014. My client is not bound by that date as you suggest in your letter of October 16, 2013. As is required by the By-laws of the CFS, my client will work cooperatively with the University of Toronto GSU to determine an alternative date that is mutually agreeable.

I am hopeful that this referendum process will unfold without the ongoing involvement of counsel. In my view, that would promote a less adversarial approach and lead to a smoother process for all involved. I trust that you would agree.

Yours very truly,

Todd J. Burke

A Commissioner, etc.

Dear Mr. Evoy,

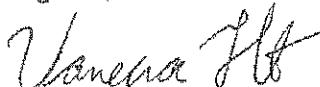

The Canadian Federation of Students was created to be a national association of individual post-secondary students. Within the Federation's structure, the individual student members are represented by their respective university and college students' unions, through national assemblies employing a delegate voting system; however, the Federation's Bylaws set out that membership is determined directly by the individual members through on-campus referenda. In addition to setting out the process by which individual students vote on joining the Federation, the bylaws include a provision whereby the members can vote in a referendum on whether or not to continue their membership. To be initiated, such a vote requires a portion of the individual members belonging to a given students' union to petition the Federation to conduct such a vote. Such a petition must be signed by at least twenty percent of the individual students belonging to the union.

As you may already be aware, the Canadian Federation of Students' National Executive is in receipt of a petition submitted by individual members of the Federation belonging to the University of Toronto Graduate Students' Union seeking a referendum on the question of continued membership in the Federation.

As a first step, the National Executive needs to verify if the petition has been signed by the required minimum number of individual Federation members and is in conformity with the Federation's Bylaws. The National Executive must verify the authenticity of the names appearing on the petition, including the enrolment status (or membership status, if different). To that end, I am writing to request your assistance in procuring a current membership list.

Please let me know at your earliest convenience whether the Graduate Students' Union will be able to assist in procuring the required list. Please do not hesitate to contact me if you have any questions.

Vanessa Hunt

Subject: Regarding the CFS-National Petition - Follow-up

Hello Vanessa,

Thank you for your letter regarding petition verification. Rather than re-open discussions we've already had with CFS-Ontario, I will summarize where things are at there -- as they will be no different in terms of the University's perspective. We have been informed that providing the student list directly will be not be possible. The UTGSU also does not receive this information outside of very limited operational purposes. We will not entertain discussion on that point, as we have already done so with your Ontario counterpart to no avail since October.

The University has indicated to us that it is willing to have the student information provided to a neutral, mutually agreed upon third-party (such as an auditing firm) that could serve in the intermediary role that the University has previously proposed to fill. This does not appear to be in conflict with the Federation's Bylaws and would allow for all parties' obligations to be fulfilled. As well, such provision of information would be both thorough and timely, without impacting negatively the decision-making processes of the Federation. In light of respecting those members which have put this matter forward, I would implore you to be mindful of the restraints we are under in this situation and look towards resolution.

As well, the Office of the Vice Provost, Students is considering a proposal from CFS-Ontario regarding electronic mechanisms to verify the petition there (without receiving the full student list).

As this remains on the table at the moment, I will inform you if what their opinion on this proposal when I receive it.

Finally, as has been made clear to the Ontario Office and I'd make clear now for expedience: the University wishes us to remain as the central contact between yourself and said office. The University will not deal directly with the National Office on this issue. This is fairly common in some of our other third-party interrelationships, such as in the case of our Health Plan providers. As such, I will be working to ensure that such communication can still happen effectively and will keep representatives of that office in this conversation.

As always, I hope we can assist in any way possible to move this matter forward.

All the best,

To pass along a clarification in addition to my previous updates to you both, I have also received from the following statement from this Office to ensure none of us have misconceptions going into the meeting:

Hello everyone,

Following our meeting on January 15, the National Executive of the Canadian Federation of Students has approved the use of an auditing firm to perform the verification of names appearing on the petition requesting a vote on the question of continued membership.

In order to expedite the process and avoid unnecessary duplication of work, we have been working with the Canadian Federation of Students-Ontario to select an auditing firm. As mentioned in Ashkon Hashemi's previous e-mail, we are in the final stages of selecting an auditing firm to undertake this work.

During our meeting, Rafael, on behalf of the University of Toronto, offered to reimburse the Federations for the cost associated with having an external auditing firm conduct the verification process. We are seeking confirmation of this commitment as soon as possible so we can finalise the arrangements and move this process forward with no further delay.

Thanks very much for your prompt response.

Dear Ms. Hunt,

In our view, it is obvious and apparent that the National Federation and its provincial component are indeed legally distinct entities. This state of affairs is inherent in the process followed by the petitioners and noted explicitly in each organization's own bylaws.

However, the act of petition verification noted in each organization's bylaws is indeed similar enough -- and are so by design -- that it is reasonable to inform you of other conversations with regards to whether or not a full student list will be given by the University to move forward on issues of verification of petitions. We do not see this point as contentious or confusing, or even as a point of unreasonable 'co-mingling' -- as again, these requests are functionally identical. With this in mind, no matter the differences in particulars between CFS National and CFS Ontario, and as what is being asked of the University for the purpose of these particular negotiations is essentially the same, the University's response to your request is again the same as provided to your Ontario counterparts.

With the similarity of the requests being made of ourselves and the University, we had hoped such negotiations could occur with some simultaneity, however as you have indicated CFS National's availability as otherwise, this is more than acceptable.

For the sake of negotiations moving forward, I would ask that you keep in mind what we have previously communicated to you with regards to the University's position in these

other negotiations and with regard to your own request. We cannot pretend as if our upcoming negotiations exist in a vacuum and it is clear, given the response from the University that they do not believe so. As such, we feel you should be aware of other negotiations and where the starting points for our discussions will be set.

That said, as previously stated, we acknowledge the differences between CFS National and CFS Ontario as separately incorporated entities and we apologize if you have been in some way confused by our attempt to keep you informed of information relevant to our discussions.

Subject: CFS Petition

Dear Mr. Evoy,

As you are aware, the Canadian Federation of Students and the Canadian Federation of Students-Ontario are separate organisations with Bylaws governing the relationship between the member local unions that comprise those organisations. The processes to both request a vote on the question of decertification and to determine the will of the individual members of the

Canadian Federation of Students and the Canadian Federation of Students-Ontario are set out in the Bylaws of the respective organisations.

In recent correspondence from the University of Toronto Graduate Students' Union, the question of how best to proceed with the verification of the names on the petitions to the National Executive of the Canadian Federation of Students and the Executive Committee of the Canadian Federation of Students-Ontario have been co-mingled and there has been no apparent recognition of the unique nature of each organisation and their respective Bylaws. I ask that you please keep this in mind as the process unfolds.

 - Verification of participation of a random sample of students (approximately 100 students) in the petition, which includes contacting the students to verify their participation in the petition
 - Validation that greater than 20% of the University of Toronto Graduate Students' Union participated in the petition

Subject: Re: CFS/CFS-O Petition Verification Update

Hi all,

Pursuant to our meeting on December 20, this email is to inform you that the Executive Committee of the Canadian Federation of Students-Ontario has approved the use of an auditing firm to perform the petition verification process. This approval is contingent on the costs being reimbursed by the University of Toronto (as was on offer at our meeting).

The Federation is in the last stages of selecting an auditing firm to perform the verification, with the goal of having the selection finalized by the end of the week. Presumably, the auditing firm will require a membership list to perform the verification. In order to expedite the process, please provide me with the contact information of who should be contacted by the auditing firm to procure such a list.

Additionally, please let me know who the costs for the verification process should be sent to for reimbursement.

Thanks in advance,

Functionality issues notwithstanding, students must also provide consent to have their information displayed to a third party."

Thanks for the response. Please be advised that the Federation has retained the auditing firm of Deloitte Touche Tohmatsu Limited, commonly referred to as Deloitte, to serve on behalf of the Executive Committee in the petition verification process.

Deloitte is among the "big four" professional services firms and has a national and international reputation as a leader in providing audit, tax, consulting, and financial advisory services. We are confident that Deloitte has the expertise and resources to perform the requisite verification process. We trust that the University shares this confidence.

Hello everyone,

Following our meeting on January 15, the National Executive of the Canadian Federation of Students has approved the use of an auditing firm to perform the verification of names appearing on the petition requesting a vote on the question of continued membership.

In order to expedite the process and avoid unnecessary duplication of work, we have been working with the Canadian Federation of Students-Ontario to select an auditing firm. As mentioned in Ashkon Hashemi's previous e-mail, we are in the final stages of selecting an auditing firm to undertake this work.

During our meeting, Rafael, on behalf of the University of Toronto, offered to reimburse the Federations for the cost associated with having an external auditing firm conduct the verification process. We are seeking confirmation of this commitment as soon as possible so we can finalise the arrangements and move this process forward with no further delay.

Thanks very much for your prompt response.

Hi Yasser

Just wanted to check in about if you have received a list from the U of T administration. I also noticed that you requested contact information. This will more than likely be a sticking point for them. I don't see any way that they would provide it and we don't really need it. This could be the treason for delays. Ashkon will be following up with the later today if you have not revived anything. Keep us posted.

Hi Yasser,

Attached is the CFS-O countersigned engagement letter. I have prepared the CFS-O and CFS bylaws and petitions and will be couriering them to you this morning. Should I send them to the address in your email signature or is there a different address you would like me to use?

I am also happy to report that we have (finally) received approval from the University to release the membership list to Deloitte. The University's contact person for this purpose is Mike LeSage, Coordinator, Student Policy Initiatives (mike.lesage@utoronto.ca). The University would like you to copy Sarah Burley, Acting Manager Student Policy Initiatives (sarah.burley@utoronto.ca) on the request. Please also copy me on your correspondence with the University (obviously with the exception of the receipt of the membership list).

As discussed, I will be preparing a brief summary of the applicable Bylaws that I will send your way later this afternoon. Otherwise hope all is well and let me know if you have any questions.

RE: Appointment of Katherine Giroux-Bougard as Chief Returning Officer

28 November 2013

Dear Members of the National Executive Committee,

The University of Toronto Graduate Students' Union would respectfully request that you reconsider the appointment of Katherine Giroux-Bougard as the Chief Returning Officer of the Federation for the potentially upcoming CFS disaffiliation referenda, including that one to be held at our local.

It is our understanding that Giroux-Bougard has served as the National Chairperson of the Federation from May 2009 – May 2010. During this time, Giroux-Bougard engaged in campaigns against disaffiliation for other locals, as is notably part of the public record. As Giroux-Bougard has served in this capacity, we believe there is an inevitable conflict in terms of her perception of these issues leading to bias.

Moreover, Giroux-Bougard has a particularly strong point of view regarding issues of disaffiliation and reform of the Federation. In a strongly-worded letter sent to member locals on 15 October 2009, Giroux-Bougard stated that a series of proposed reforms were "a thinly veiled attempt, by a member, to undermine the progressive work that the Federation undertakes, through a campaign aimed at discrediting the elected national leadership, humiliating the unionized staff, and undermining the organisation and its work".

During her time in office as Chairperson, Giroux-Bougard was at the front-line of conflicts with the Kwatlen Student Association, the McGill Post-Graduate Student Society, the Concordia Students' Union, and the University of Victoria Student Society. Clearly, in our view, someone with this great of a personal investment in the Federation's status quo cannot be trusted to conduct such referendum impartially.

We would therefore request, as our members have instructed us at our Annual General Meeting on 25 November 2013, that the National Executive of the Federation reconsider the appointment of Katherine Giroux-Bougard as the Chief Returning Officer of the Federation and appoint a third-party Chief Returning Officer at a Special General Meeting in the month of January, to ensure timely processes continue.

If the National Executive does not respond and comply with our respectful request by 11:59 PM on Sunday, December 8th 2013, we will be forced to seek other avenues to reconcile these matters promptly and properly.

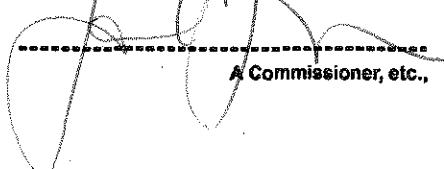

In Solidarity,

Brad Evoy – External Commissioner of the Union,
on behalf of the University of Toronto Graduate Students' Union Executive Committee.

La version française de ce courriel vous sera envoyé bientôt.

Dear members,

At the November 2013 national general meeting, members ratified Katherine Giroux-Bougard as the Chief Returning Officer for referenda taking place in Spring 2014. Since the national general meeting, Ms. Giroux-Bougard has notified the Federation that, due to work obligations, she will not be available to undertake the duties associated with the position of Chief Returning Officer.

In order to ensure the position of Chief Returning Officer is filled in advance of referenda that may be held in Spring 2014, the National Executive undertook a search to find a new candidate. The National Executive has appointed Mr. Stephen Littley (LLB) as the Chief Returning Officer.

As per Bylaw 1 Section 6.b., the Chief Returning Officer's appointment is subject to ratification by a general meeting of the Federation. As the next general meeting will not be held until June 2014, the National Executive is proposing that the Chief Returning Officer be appointed to oversee the referenda taking place in Spring 2014 in advance of a ratification at the June 2014 national general meeting.

Mr. Stephen Littley is a member of the BC Bar and has been practicing law since 2005. He is a partner in the Bastion Law Group, a firm he founded with his fellow partner in 2007. Mr. Littley completed his law degree at the University of British Columbia in 2004, following completion of his undergraduate degree with double majors in Anthropology and Psychology. While an undergraduate student, Mr. Littley was active in international development work. He co-founded a grassroots NGO that raised money in Canada to enable children in the developing world to attend school, rather than being forced into labour. He also led several international field schools to India and Thailand, and completed graduate work in Anthropology at Simon Fraser University.

Mr. Littley served as President of the Malaspina (now Vancouver Island University) Students' Union from 2000 to 2002, and served two terms on the Vancouver Island University Board of Governors as a student representative. During his students' union involvement Mr. Littley oversaw both elections and referenda, serving as an electoral officer and chair of the elections oversight committee.

His previous experience includes involvement in the Federation, having served as the Local 61 Members' Representative to the BC Executive Committee between 2000 and 2002 and BC

Treasurer for the 2002-03 term. Littley maintains an active role in advocating for students, currently serving his second three-year term as the Alumni Representative on the Vancouver Island University Senate. Mr. Littley is currently a member of the Trial Lawyer's Association of British Columbia, and has served as counsel for the Ministry of Children and Family Development since 2008.

Should you have any questions regarding the appointment of the Chief Returning Officer, please do not hesitate to contact me.

Best,

Hi Yasser,

The petition and bylaw package has been couriered.

For your information, the applicable sections of the Bylaws are as follows:

General

CFS Bylaw I and CFS-O Bylaw II deal with membership issues, including the process for certifying and decertifying. Specifically CFS Bylaw I, Section 6 and CFS-O Bylaw II, Section 5 outline the requirements to initiate a vote on decertification.

Twenty Percent Threshold

CFS Bylaw I, Section 3.a.iii and CFS-O Bylaw II, Section 1.f establish that a petition calling for a vote on decertification must be signed by no less than twenty percent of the individual members of the member local association.

Submitted By Member

CFS-O Bylaw II, Section 5.a.i establishes that a petition calling for a vote on decertification shall, among other things, be submitted by individuals belonging to the member local association in question. In this case, the petition was submitted by Ashleigh Ingle. A copy of Ms. Ingle's cover letter is attached to this email.

Petitioner Requirements

CFS Bylaw I, Section 6.a. and CFS-O Bylaw II, Section 5.a.vi stipulate that in order to be valid, a name on a petition must be reasonably legible, include the proper full name, be accompanied by a valid and corresponding student identification number and a unique signature.

Thanks and please do not hesitate to contact me if you have questions about this or anything else.

Dear Ms. Hunt:

Subject: Petition validation procedures

Deloitte LLP (Deloitte) is pleased to confirm its arrangements to assist the Canadian Federation of Students (national) (CFS (national) or the Company) by providing the services outlined in this letter agreement and its attached Appendix (collectively, this Agreement). We appreciate the confidence you have shown in us and are excited about this opportunity to serve you.

Nature and scope of services

We understand that the University of Toronto Graduate Students' Union has submitted a petition to CFS (national) seeking a vote on the question of continued membership and that you require a third party service provider to perform certain procedures to assess the integrity and validity of the names on the petition submitted.

Deloitte will assist CFS (national) with certain procedures, designed to assess the validity and integrity of the names on the petition submitted, as follows:

- Validation that the petition was submitted by a member of the University of Toronto Graduate Students' Union, in accordance with CFS (national) By-Laws
- Verification/cross-referencing of the names on the submitted petition with University of Toronto student records (i.e. student names and student numbers)
- General review of the signatures contained on the petition for reasonableness (i.e. that each signature appears to be unique)
- Review of petitions for duplicate student names and student numbers
- Verification, on a sample of basis, of participation in the petition by members of the University of Toronto Graduate Students' Union
- Provide the total number of valid and invalid names on the petition and the total number of members of the Graduate Students' Union, as provided by the University of Toronto
- Reporting on our procedures performed and the related results

More specifically, we will work with you to undertake the following procedures:

1. Planning, coordination and project management

Specific procedures: We will work with you to further clarify expectations, timing and deliverables for this engagement. We will conduct planning interviews with you and other individuals, as appropriate, to further discuss and plan the petition validation procedures' objectives, approach and required elements.

Deliverables: Draft project plan outlining key activities, timelines and required elements to assess the validity of the petition submitted.

2. Assessing validity and integrity of petition

Specific procedures: We will perform the following key activities, specifically designed to assess the validity and integrity of the petition submitted:

- Validate that the petition was submitted by a member of the University of Toronto Graduate Students' Union, in accordance with CFS (national) By-Laws
- Convert the petition into an analytics-readable format (i.e. Excel)
- Utilize data analytics techniques to verify/cross-reference the names on the petition submitted with University of Toronto student records (i.e. student names and student numbers) provided to us by the University of Toronto
- Review the signatures contained on the petition for reasonableness to assess whether each signature appears to be unique
- Utilize data analytics techniques to review the petitions for duplicate student names and student numbers
- Verify participation in signing the petition by contacting a random sample of students (approximately 100 students) to verify that they had participated in the petition process by signing the petition
- Provide the total number of valid and invalid names on the petition and the total number of members of the Graduate Students' Union, as provided by the University of Toronto

3. Developing draft and final reports

Specific procedures, deliverables & timing: We will prepare a draft report for discussion and a final report, outlining the key procedures undertaken and the related results. Our report will comprise:

- An outline of the procedures performed
- Results of the procedures performed and their impact on the validity and integrity of the petition
- Overall conclusions, based on the procedures performed, as to whether the petition appears to be valid and in accordance with the CFS (national) By-Laws

Our performance of the procedures contained within this Agreement will not result in the expression of an opinion or provide any form of assurance in any area, including the legitimacy of the University of Toronto Graduate Students' Union petition to decertify from the CFS (national).

February 21, 2014

You may desire that we perform additional services that are different from, or in addition to, the services described above (Additional Services), including for example, an expression of opinion on the work performed. We will provide you such Additional Services, as you may reasonably request, upon such terms and conditions (including compensation terms) as are mutually agreed upon. Such terms must be documented in writing and signed by both parties. In no event shall we be obligated to perform any Services or Additional Services that would cause us to be in conflict with any law, rule or regulation, or any internal Deloitte policy.

CFS (national) responsibilities

CFS (national) will be responsible for contacting the University of Toronto and arranging for the University of Toronto to provide Deloitte with the necessary student records to enable us to perform the procedures contained within this Agreement. We will not be responsible for obtaining any required student or University of Toronto approvals regarding the provision of the student records to Deloitte.

Engagement team

Terry Hatherell will serve as the overall Engagement Partner for the services described in this Agreement. Terry is a Partner within Deloitte Canada who has extensive risk, internal audit and corporate governance experience. Yasser Youssef, Senior Manager, will serve as overall Engagement Manager and will support Terry on this engagement. Other senior and staff resources, including Deloitte offshore resources, will be utilized, as appropriate, to execute this project.

Professional fees and timing

Our total estimated professional fees to complete this assignment are between CND\$11,500 - \$14,000. We understand that our fees will be shared equally between CFS (national) and CFS (Ontario). Fees attributable to CFS (national) are therefore between CDN \$5,750 - \$7,000 plus applicable taxes and out-of-pocket expenses. Expenses for items such as technology, photocopies, printing, courier, postage, communications and most other administrative costs will be billed as a flat percentage (7%) of our professional service fees.

We have assumed that the petitions submitted to CFS (national) and CFS (Ontario) are consistent (to be confirmed through validation procedures) and, therefore, data entry of petition information into an analytics-readable format (i.e. Excel) and petition validation procedures outlined in this agreement are assumed to occur only once for both CFS (national) and CFS (Ontario).

To the extent that the above assumption is inaccurate and additional fees are expected, or if additional fees are expected based on requested scope changes, we will discuss this with you prior to incurring the related time and fees.

We are prepared to commence this assignment immediately and when required by CFS (national), and anticipate completion of all key activities within 3-4 weeks of commencement of this project and delivery of relevant records (petition and University of Toronto student records).

Given this information and the bylaws governing the process, no referendum will take place at the University of Toronto.

If the full report from Deloitte differs in some material respect from the information already provided by Deloitte representatives, and as per the bylaws a referendum may continue, I remain prepared to continue with the process. In that case the referendum timeline would necessarily need to be reset.

Petition validation procedures

Results of validation procedures over the University of Toronto Graduate Students' Union petition to the Canadian Federation of Students (National) seeking a vote on the question of continued membership

March 2014

Background

The Canadian Federation of Students (National) (CFS) requested assistance with certain validation procedures over a petition submitted by the University of Toronto Graduate Students' Union members, seeking a vote on the question of continued membership. The validation procedures requested were designed to assess the validity and integrity of the petition submitted in accordance with the following CFS Bylaws:

- **General**
 - CFS Bylaw I dealing with membership issues, including the process for certifying and decertifying. Specifically CFS Bylaw I, Section 6 which outlines the requirements to initiate a vote on decertification.
- **Petitioner requirements**
 - CFS Bylaw I, Section 6.a stipulates that in order to be valid, a name on a petition must be reasonably legible, include the proper full name, be accompanied by a valid and corresponding student identification number and a unique signature.
- **Twenty percent threshold**
 - CFS Bylaw I, Section 3.a.iii establishes that a petition calling for a vote on decertification must be signed by no less than twenty percent (20%) of the individual members of the member local association.

Scope and objectives

The primary objective of the validation procedures requested and performed was to determine whether the petition submitted met the requirements stipulated in the above CFS Bylaws. As discussed and agreed to with CFS, Deloitte performed the following key activities:

- Validated that the petition was submitted by a member of the University of Toronto Graduate Students' Union;
- Converted a copy of the petition provided by CFS into an analytics-readable format (i.e. Excel) and assessed whether the names on the petitions were reasonably legible;
- Reviewed the signatures contained within the petition provided by CFS for reasonableness to assess whether each signature appeared to be unique;
- Utilized data analytics techniques to verify/cross-reference the names on the petition submitted with University of Toronto student records (i.e. student names and student numbers) provided to us by the University of Toronto;
- Utilized data analytics techniques to review the petitions for duplicate student names and student numbers; and,
- Provided the total number of valid petitioners, based on the procedures performed, to CFS for their consideration.

Summary results

The table below outlines the results of our procedures performed for CFS's consideration. We have provided a range for our results, as certain attributes tested (i.e.names on the petition must be reasonably legible) may be open to interpretation. Our range of results provides for both a strict and liberal interpretation of the Bylaws with respect to the petition submitted:

Attributes	Observations
Submitted by member of the University of Toronto Graduate Students' Union:	Yes - Submitted by Ms. Ashleigh Ingle – a member of the University of Toronto Graduate Student Union
Total number of names submitted	3,165
Exclusions (based on specific requirements):	
• Not members of Graduate Students' Union , based on information provided	320 – 340
• Duplicate records	15 – 20
• Not "reasonably legible"	0 – 40
• Did not include "proper full name"	65 – 75
• Did not include a "valid student identification number"	25 – 55
• Did not include a "unique signature"	5 – 10
Twenty percent of total	
• Total population of Graduate Students' Union members*	14,927
• Valid petitioners (based on above)	2,625 – 2,735
• % of Graduate Students' Union members	17.6% – 18.3%

*Based on Graduate Student's Union records provided by the University of Toronto

Our performance of the above-noted procedures did not constitute an audit and, accordingly, did not result in the expression of an opinion or any other form of assurance on the validity and integrity of the petition submitted by the University of Toronto Graduate Students' Union members.

Petition validation procedures

Results of validation procedures over the University of Toronto Graduate Students' Union petition to the Canadian Federation of Students - Ontario seeking a vote on the question of continued membership

March 2014

Background

The Canadian Federation of Students – Ontario (CFS-ON) requested assistance with certain validation procedures over a petition submitted by the University of Toronto Graduate Students' Union members, seeking a vote on the question of continued membership. The validation procedures requested were designed to assess the validity and integrity of the petition submitted in accordance with the following CFS-ON Bylaws:

- **Submitted by member**
 - CFS-ON Bylaw II, Section 5.a.i establishes that a petition calling for a vote on decertification shall, among other things, be submitted by individuals belonging to the member local association in question.
- **Petitioner requirements**
 - CFS-ON Bylaw II, Section 5.a.vi stipulates that in order to be valid, a name on a petition must be reasonably legible, include the proper full name, be accompanied by a valid and corresponding student identification number and a unique signature.
- **Twenty percent threshold**
 - CFS-ON Bylaw II, Section 1.f establishes that a petition calling for a vote on decertification must be signed by no less than twenty percent (20%) of the individual members of the member local association.

Scope and objectives

The primary objective of the validation procedures requested and performed was to determine whether the petition submitted met the requirements stipulated in the above CFS-ON Bylaws. As discussed and agreed to with CFS-ON, Deloitte performed the following key activities:

- Validated that the petition was submitted by a member of the University of Toronto Graduate Students' Union;
- Converted a copy of the petition provided by CFS-ON into an analytics-readable format (i.e. Excel) and assessed whether the names on the petitions were reasonably legible;
- Reviewed the signatures contained within the petition provided by CFS-ON for reasonableness to assess whether each signature appeared to be unique;
- Utilized data analytics techniques to verify/cross-reference the names on the petition submitted with University of Toronto student records (i.e. student names and student numbers) provided to us by the University of Toronto;
- Utilized data analytics techniques to review the petitions for duplicate student names and student numbers; and,
- Provided the total number of valid petitioners, based on the procedures performed, to CFS-ON for their consideration.

Summary results

The table below outlines the results of our procedures performed for CFS-ON's consideration. We have provided a range for our results, as certain attributes tested (i.e. names on the petition must be reasonably legible) may be open to interpretation. Our range of results provides for both a strict and liberal interpretation of the Bylaws with respect to the petition submitted:

Total number of names submitted	3,325
Exclusions (based on additional requirements):

• Valid petitioners (based on above)	2,760 – 2,875
• % of Graduate Students' Union members	18.5% – 19.3%

*Based on Graduate Student's Union records provided by the University of Toronto

A Commissioner, etc.,

CANADIAN FEDERATION OF STUDENTS
FÉDÉRATION CANADIENNE DES ÉTUDIANTES ET ÉTUDIANTS

Dear Ms. Ingle,

I am writing as a courtesy in regard to the status of the petition you submitted to the National Executive as an individual member of the Canadian Federation of Students requesting a vote on the question of continued membership amongst the graduate student members at the University of Toronto.

As you are aware, Bylaw 1 sets out that, "There are two types of membership in the Federation, individual members and voting members. Students, or individual members, are represented through the local students association to which they belong."

The individual members of the Federation collectively belonging to a member local association have the sole authority to initiate a vote on decertification, by petition signed by not less than twenty (20%) of the individual members, calling for the vote (Bylaw 1, Section 3.a.iii.).

A vote on the question of continuing membership is subject to the following rules and procedures set out in Bylaw 1.6.a:

As per Bylaw 1, Section 3.a.iii a petition calling for a vote on decertification shall be signed by no less than twenty percent (20%) of the individual members of the member local association and delivered to the National Executive of the Federation.

The petition shall be worded as follows: "We, the undersigned, petition the National Executive of the Canadian Federation of Students to conduct a referendum on the issue of continued membership in the Canadian Federation of Students."

The original, unaltered petition must be delivered in its entirety to the National Chairperson, National Deputy Chairperson or National Treasurer, by registered mail. Petitions received that are not original copies, have been altered in any manner, or have been received by any means other than registered mail are not valid.

The petition may not contain any words or images, with the exception of those required by Bylaw 1.a and those required to indicate which fields a signatory must complete.

In order to be considered valid, a name on a petition must be reasonably legible, include the proper full name, be accompanied by a valid and corresponding student identification number, and a unique signature.

An individual member may request that her name be removed from a petition. If the National Executive receives such a request in writing, before the conclusion of the verification process of the petition, the name must be struck from the petition. The

name shall not be included in the total number of names on the petition.

On October 7, 2013 the National Executive received a petition from you. Bylaw 1.6.b.i, sets out that, "The National Executive will have the sole authority to determine whether the petition described in Bylaw 1, Section 6.a is in order. Within 90 days of receipt of the petition, the National Executive will review the petition to determine if it is in order and, if it is, in consultation with the member local, will schedule a vote. The National Executive will endeavour to schedule the referendum between 60 days and 90 days following its determination that the petition is in order." The National Executive assigned responsibility for the review of the petition at the first opportunity, a National Executive meeting held on October 25-27. Following its meeting in October, the National Executive and the Federation's legal counsel was in regular contact with a representative of the Graduate Students' Union and the Graduate Students' Union's legal counsel about a potential vote.

In anticipation of a vote amongst the graduate students members at the University of Toronto, the National Executive, pursuant to Bylaw 1, Section 6 recommended a Chief Returning Officer to the voting member locals at the November 2013 national general meeting. As you are aware, the Chief Returning Officer ratified at that meeting notified the National Executive in December that she was, for personal reasons, unable to assume the role. The National Executive subsequently appointed Stephen Littley to serve as Chief Returning Officer. This decision was communicated to the voting member local unions on January 20, 2014 and will be ratified by the voting member local unions at the upcoming general meeting in June 2014.

On December 3, the University of Toronto Graduate Students' Union was contacted by the Federation to inquire as to whether the Graduate Students' Union was in possession of or could secure an up to date membership list for the purposes of verifying the names on the petition. You responded that the Students' Union did not have such a list and proposed a meeting with the University administration to discuss the matter.

On January 15, representatives of the Canadian Federation of Students met with representatives of the University of Toronto and a representative of the Graduate Students' Union. After discussing various options that would enable the National Executive to fulfill its responsibility to determine whether the petition was in order, the group agreed that contracting the work to a third party, such as an accounting firm, would satisfy the various concerns (the National Executive's responsibility, the University concerns regarding privacy legislation etc.). As part of this agreement, the University committed to providing the firm, once selected by the Canadian Federation of Students, with the relevant, current membership lists and information and to compensate the Federation for the costs associated with such a third party review.

After considering two firms, the Federation selected Deloitte to undertake the review and communicated this information to the University and the Students' Union on February 7. Following a series of exchanges with the University about related matters, on February 20 Deloitte contacted the University to secure the membership list. It received the list on February 26 and commenced its review. This work included verification/cross-referencing of the names on the petition with University of Toronto student records (student names, numbers and signatures), review of the names on the petition for duplication of student records (student names and numbers), validation that greater than 20% of the members of the University of Toronto Graduate Students' Union signed the petition, and reporting on the specified procedures performed and related results.

On March 6, Deloitte advised the Federation that it had determined, based on a triple review of the petition, that it would not meet the threshold.

A subsequent update was received on March 7 from Deloitte in which they reported that, even applying a less strict interpretation of the Bylaws, the petition would not meet the threshold and confirmed their preliminary conclusion. Deloitte is in the process of finalizing their report and anticipate it will be completed today or Wednesday.

The National Executive has concluded that the petition you submitted is not in order as a requisite number of individual members did not request such a vote and therefore a referendum cannot be proceeded.

Given the delays in obtaining the necessary information to verify the petition the Federation appointed a CRO so that if the petition was found to be in order the referendum process would not be compromised. That has proved not to be the case and it is unfortunate that those obtaining the signatures for the petition did not exercise greater care in determining whether the signatories were indeed eligible to sign the petition.

Vanessa Hunt

A Commissioner, etc.,

Dear Mr. Littley,

I am writing in regard to the status of the petition submitted to the National Executive by an individual member of the Canadian Federation of Students requesting a vote on the question of continued membership amongst the graduate student members at the University of Toronto.

The individual members of the Federation belonging to a member local association may vote on the question of continuing their membership, subject to the following rules and procedures set out in Bylaw 1.6.a:

As per Bylaw 1, Section 3.a.iii a petition calling for a vote on decertification shall be signed by no less than twenty percent (20%) of the individual members of the member local association and delivered to the National Executive of the Federation.

The petition shall be worded as follows: "We, the undersigned, petition the National Executive of the Canadian Federation of Students to conduct a referendum on the issue of continued membership in the Canadian Federation of Students."

The original, unaltered petition must be delivered in its entirety to the National Chairperson, National Deputy Chairperson or National Treasurer, by registered mail. Petitions received that are not original copies, have been altered in any manner, or have been received by any means other than registered mail are not valid.

The petition may not contain any words or images, with the exception of those required by Bylaw 1.a and those required to indicate which fields a signatory must complete.

In order to be considered valid, a name on a petition must be reasonably legible, include the proper full name, be accompanied by a valid and corresponding student identification number, and a unique signature.

An individual member may request that her name be removed from a petition. If the National Executive receives such a request in writing, before the conclusion of the verification process of the petition, the name must be struck from the petition. The name shall not be included in the total number of names on the petition.

On October 7, 2013 the National Executive received a petition from Ashley Ingle, an individual graduate student member of the Canadian Federation of Students. Bylaw 1.6.b.i, sets out that, "The National Executive will have the sole authority to determine whether the petition described in Bylaw 1, Section 6.a is in order. Within 90 days of receipt of the petition, the National Executive will review the petition to determine if it is in order and, if it is, in consultation with the member local, will schedule a vote. The National Executive will

endeavour to schedule the referendum between 60 days and 90 days following its determination that the petition is in order." The National Executive assigned responsibility for the review of the petition at the first opportunity, a National Executive meeting held on October 25-27. Following its meeting in October, the National Executive was in regular contact with the Graduate Students' Union about a potential vote.

In anticipation of a vote amongst the graduate students members at the University of Toronto, the National Executive, pursuant to Bylaw 1, Section 6 recommended a Chief Returning Officer to the voting member locals at the November 2013 national general meeting. As you are aware, the Chief Returning Officer ratified at that meeting notified the National Executive in December that she was, for personal reasons, unable to assume the role. The National Executive subsequently appointed you to serve as Chief Returning Officer. This decision was communicated to the voting member local unions on January 20, 2014 and will be ratified by the voting member local unions at the upcoming general meeting in June 2014.

On December 3, the University of Toronto Graduate Students' Union was contacted by the Federation to inquire as to whether the Graduate Students' Union was in possession of or could secure an up to date membership list for the purposes of verifying the names on the petition. Mr. Brad Evoy, External Commissioner for the University of Toronto Graduate Students' Union, responded that the Students' Union did not have such a list and proposed a meeting with the University administration to discuss the matter.

On January 15, representatives of the Canadian Federation of Students met with Meredith Strong, Mike LeSage, and Rafael Ashkenazi of the University of Toronto and a representative of the Graduate Students' Union. After discussing various options that would enable the National Executive to fulfill its responsibility to determine whether the petition was in order, the group agreed that contracting the work to a third party, such as an accounting firm, would satisfy the various concerns (the National Executive's responsibility, the University concerns regarding privacy legislation etc.). As part of this agreement, the University committed to providing the firm, once selected by the Canadian Federation of Students, with the relevant, current membership lists and information and to compensate the Federation for the costs associated with such a third party review.

After considering two firms, the Federation selected Deloitte to undertake the review and communicated this information to the University and the Students' Union on February 7. Following a series of exchanges with the University about related matters, on February 20 Deloitte contacted the University to secure the membership list. It received the list on February 26 and commenced its review. This work included verification/cross-referencing of the names on the petition with University of Toronto student records (student names, numbers and signatures), review of the names on the petition for

duplication of student records (student names and numbers), validation that greater than 20% of the members of the University of Toronto Graduate Students' Union signed the petition, and reporting on the specified procedures performed and related results.

On March 6, Deloitte advised the Federation that it had determined, based on a triple review of the petition, that it would not meet the threshold.

A subsequent update was received on March 7 from Deloitte in which they reported that, even applying a less strict interpretation of the Bylaws, the petition would not meet the threshold and confirmed their preliminary conclusion. Deloitte is in the process of finalizing their report and anticipate it will be complete Tuesday or Wednesday. I would be happy to provide a copy to your for your information.

The National Executive has concluded that the petition submitted by Ashley Ingle, a graduate student member at the University of Toronto, is not in order and therefore a referendum cannot be proceeded.

If you have any questions, please do not hesitate to contact me.
